

FIGHT WITH CONVICTS

POSSE BATTLES WITH ESCAPED FELONS AND SHOTS DOWN TWO OF THEM.

AFTER A FATAL STRUGGLE

PRISONERS MADE A SUCCESSFUL DASH FOR LIBERTY AT FOLSOM, CAL.

Placerville, Cal., July 28.—According to a report received here, a fight between the escaped convicts from Folsom and a posse has taken place near Pilot hill, in which Fred Howard was killed and A. Seabir wounded. Both are convicts. The convicts are said to have scattered and to be making for the surrounding woods. A company of militia is en route to Pilot hill and should now be in the immediate scene of the fight. Before the fight took place the convicts had picked up a number of citizens en route and compelled them to join their party, and had plundered the general merchandise store at Pilot hill, kept by I. Diehl.

AFTER DESPERATE BATTLE.

Thirteen Convicts Escape From Prison at Folsom, Cal.

Sacramento, Cal., July 28.—A special to the Bee from Folsom says: Thirteen desperate prisoners confined in the Folsom penitentiary made a successful break for liberty at the breakfast hour Monday morning. After a fierce fight in the captain's office, during which a turnkey was fatally stabbed, a guard killed and another officer wounded, the convicts seized a quantity of arms and ammunition, and, using the warden and other officers for a shield from their pursuers, made good their escape. It is believed they are making for Bald mountain. State militia, ordered out by Governor Pardee, have gone to the scene. C. J. Cochran, turnkey, was stabbed in the back and may die. William L. Cotter, a guard, was cut in the abdomen and died after five hours. W. C. Palmers was cut in the head. The break occurred about 7 o'clock a. m. The convicts immediately made for the office of the captain of the guard, R. J. Murphy. There they seized Warden Wilkinson, his grandson, Henry Wilkinson, Captain Murphy and several other of the guards. A desperate fight took place. The convicts were

Armed With Knives and Razors and with these they assaulted Warden Wilkinson and his officers. The warden's clothing was slashed into shreds with a razor, but the blade did not touch the flesh. Turnkey Cochran fought the convicts with a chair, raining blows upon them right and left. Finally he was felled by a knife thrust in the back. Guard Cotter was cut in the abdomen so that his entrails protruded and he died in the afternoon, while Palmers was severely cut in the head. The floor of the office was covered with blood. The officers were easily outnumbered and soon had been relieved of their arms. Then, using the officers as a shield, the convicts started for the armory post on the outskirts of the penitentiary grounds. They passed a Gatling gun on one of the walls, but the guards were afraid to turn it on the convicts. When the armory post was reached officers attempted to interfere, but were quickly overpowered. Then, after further fortifying themselves with rifles, knives, pistols and ammunition, a dash for liberty was made. Two convicts, each armed with rifles, marched on one of the side of Warden Wilkinson, who was

Threatened With Death if he made an attempt to escape and the officers were told that if any of the pursuers took the life of one of their number they would retaliate life for life. At Mormon bridge, about a mile from the penitentiary, the warden, his son and Captain Murphy were released and sent back. The others were marched along with the convicts.

Further on, the convicts went to a farmer's house, seized his four-horse team and wagon, gutted the house of everything of value, took the farmer with them as a driver and headed for Bald mountain. Evidently it is their intention to reach Alabaster cave, situated near this mountain. Among the officers carried off is General Overseer McDonough. Some fears are felt for his safety, as he bears the special ill will of the convicts. Later in the day Governor Pardee ordered Company H of Placerville to the scene, and Company C, Second Infantry, of Nevada City, was ordered to be in readiness in case they should be needed. The several hundred remaining prisoners made no attempt to get away and were quietly returned to their cells and locked up.

Working Night and Day. The busiest and mightiest little thing that ever was made is Dr. King's New Life Pills. These pills change weakness into strength, listlessness into energy, brain-fag into mental power. They're wonderful in building up the health only 25c per box. Sold by H. P. Dunn & Co.

TORTURE AND ROBBERY.

Masked Men Obtain Money and Jewelry by Dire Threats.

Waterbury, Conn., July 28.—News of a case of torture and robbery was received in this city last night from Goshen. Bound hand and foot to her bed between the hours of 2 and 3 o'clock Sunday morning, Mrs. Morse, an aged woman, who resides in that place, gazed fearlessly at two masked men and absolutely refused to give them any information which might lead to the discovery of plunder. The men gained access to Mrs. Morse's room without awakening her and before she could make any movement they bound her to the bed posts with ropes. Then one drew a pistol and threatened to shoot her unless she gave them the desired information. When this threat failed the robbers made preparations to torture Mrs. Morse by burning the soles of her feet, but the discovery of \$50, a gold watch and a ring on a dresser in the room turned them from the purpose. In another part of the house they found Mrs. Patrick Turner. They bound her as they did Mrs. Morse and threatened her with the revolver. Thoroughly frightened, the woman gave information which led to the discovery of \$23. This the men evidently believed was all that could be secured, and leaving the women helplessly bound they went away. The two women succeeded in freeing themselves an hour after the departure of the burglars. Both are suffering severely from their experience.

FOR KILLING HIS SON.

Pennsylvania Farmer Placed in Jail on Charge of Murder.

Brownsville, Pa., July 28.—William C. Arnold, twenty-five years old, a well-to-do farmer of Jefferson township, Fayette county, was taken to jail in Uniontown last night charged with the murder of his son. His wife, Mary Effie Arnold, twenty-two years old, is also charged with murder and the legal course will be taken with her also as soon as she has recovered from the childbirth that forms a part of the unusual tragedy. Late on Friday night last, Dr. Lilley of this place was summoned to the Arnold house, where he found a woman and a new-born babe. He was told by one of the parents that he was called in to kill the child. The physician examined the babe and drew from its mouth a mass of cloth that nearly choked it. He then told the couple that before he would kill the child he would kill both of them. Sunday Dr. Lilley, with a friend, went to the Arnold home and asked to see the baby. The mother said he was dead and had been buried by her husband. Officers later exhumed the body and the coroner's jury found that the infant had been murdered, and recommended that Arnold and his wife be charged with murder.

ARRESTED FOR BIGAMY.

Minnie King in Jail for Having Too Many Husbands.

St. Paul, July 28.—Not yet twenty-one years old, three times married and the mother of three children, Minnie King occupied a cell in the Ramsey county jail last night charged with bigamy. Alongside of her in the cell was one of her children, a boy three years old, from whom she refused to be separated when arrested at Bangor, Wis., yesterday by Sheriff Irwin, of Wadena. Only the steel bars and one floor separates her from the man for whom she left her second husband and her children, for he is also under arrest, the couple having been found living together in the town of Bangor, just above La Crosse, in Wisconsin. Uri Burnhardt is the man's name, and up in Atkinson county he has a wife and seven children, whom he has not seen since June 17, when he and Mrs. King eloped and went to Wadena, where they were married.

RACE WAR IMMINENT.

Whites and Blacks Arming Near Blue Ridge, Va.

Roanoke, Va., July 28.—Serious trouble is threatened between the whites and blacks near Blue Ridge. Several nights ago a negro woman was whipped by a party of white men for insulting a lady during the absence of her husband. This angered the negroes and they have been arming themselves. A telephone message says the whites are armed and that considerable excitement exists.

Killed by a Jealous Husband.

Philadelphia, July 28.—Because he thought Matteo Aleto was paying too much attention to his wife, Michael Davati stabbed and killed Aleto after a quarrel with the latter in his room at Davati's boarding house. Davati was arrested.

HUSBAND UNDER ARREST.

Charged With Having Strangled His Young Wife to Death.

Mount Vernon, N. Y., July 28.—Martin Ebel, also known as Shaefer, husband of a young woman whose body was found in a sewer on the outskirts of the city where it had been thrown after she had been strangled to death, was brought to Mount Vernon Monday afternoon by Chief of Police Foley, from White Plains, where he was arrested. His arrest followed the identification of the body of his wife by her stepfather, Gottfried Eichel. Ebel is a lineman and was at work when arrested.

Soldiers Leave Danville.

Danville, Ill., July 28.—Two companies of militia were ordered back to Springfield and left Monday afternoon. Two companies of the Seventh regiment will remain until it is believed all danger of trouble is past. All of the wounded are recovering.

DI PIETRO FOR POPE

MAY BE A COMPROMISE CANDIDATE IF SOME LEADERS FAIL OF ELECTION.

PAYS TRIBUTE TO GIBBONS

BUT CARDINAL LOGUE THINKS THE AMERICAN PRELATE HAS NO CHANCE.

Rome, July 28.—Almost all the cardinals of the conclave have now arrived. Their time Monday was mainly occupied with a lengthy meeting of the congregation, which was notable for the cordiality with which Cardinal Gibbons was received. After the meeting the cardinals received numerous visits at their various residences. In well informed circles Cardinal Angelo Di Pietro, pro-datary of the pope, is being talked of as a compromise candidate in the event that Cardinals Oreglia, Rampolla or Serafino Vannutelli is unable to secure the necessary votes. Should Di Pietro be elected pope he would, it is said, be the representative of the Rampolla-Gotti faction and yet would be fairly acceptable to all.

Cardinal Michael Logue, archbishop of Armagh, who, with the exception of Cardinal Gibbons, will be the only English-speaking cardinal in the conclave, arrived Monday from Ireland. He said he believed that the successor to Leo would be quickly chosen. In his case, perhaps, the hope is father to the thought, as he said he did not look forward with a great degree of pleasure to being shut up in the vatican during the present hot weather. Speaking of Cardinal Gibbons, the Irish cardinal paid him a glowing tribute, though, like all the prelates here, he held out no hope that the American cardinal had the remotest chance of election.

Subject for Commiseration. "Indeed," said Cardinal Logue, "I think Cardinal Gibbons would be a subject for commiseration if the selection should devolve upon him, for no American would care to spend the rest of his life confined within the precincts of the vatican."

The Irish cardinal expressed the opinion that the question of sending a note to the powers protesting against the treatment of the vatican by the Italian government should be left to the next pope.

Today Cardinal Logue will pay an official visit to Cardinal Oreglia and then formally join the congregation.

It is now practically certain that all the cardinals will be present at the conclave except Cardinal Moran, archbishop of Sydney, who will not reach Rome in time, and Cardinal Sejesia, archbishop of Palermo, who is too ill to attend.

A proclamation was posted in the streets of Rome last night inviting citizens to the annual commemoration of the death of King Humbert, which will take the form of a procession through the streets to the Pantheon. Early in the morning of July 29, under the auspices of patriotic and other societies, the Italians will visit the tomb of Humbert at the Pantheon and decorate it with flowers. Commemorative exercises at the capitol will follow. For this event King Victor Emmanuel will return to Rome on Wednesday. Queen Margherita will arrive today. The ecclesiastics view the approaching ceremony with some alarm, believing that the anti-clericals may take advantage of the opportunity to make a counter demonstration against the sympathy exhibited all over Italy in connection with the death of the pope.

HIGH MASS CELEBRATED.

Monsignor Falconio Presides at Services in Washington.

Washington, July 28.—A solemn high pontifical mass was celebrated Monday at St. Patrick's church for the repose of the soul of Pope Leo XIII. Mgr. Falconio, apostolic delegate to the United States, presided, and Right Rev. F. F. Rocker, bishop of Jaro, Philippines, celebrated mass. Reverend Father Stafford, pastor of St. Patrick's church, delivered the sermon, which was an oration on the history of the Catholic church and the part Leo XIII played in its development.

BOX CONTAINED MONEY.

Contractor Sends Cigars to an Army Official at Washington.

Washington, July 28.—The secretary of war has sent to the treasury department a box of cigars and \$100. It appears that Colonel Clem, chief of the quartermasters of the department, found the box of cigars on his desk and upon opening it discovered it was from a contractor who was doing work under quartermasters supervision. In the box was the money. The colonel was very indignant and referred the matter to General Fred Grant, commanding the department. The contractor acknowledged sending the cigars by a messenger boy, but said he didn't know anything about the money. General Grant thought nothing could be done by prosecuting the man for attempted bribery and sent the cigars and the money to the department. From the war department they were sent to the treasury where all unclaimed funds are sent. The cigars subsequently were sold for \$3 and the money placed with the \$100.

DISCUSS THE MILLER CASE.

Government Printing Office Employees Canvass the Situation.

Washington, July 28.—There was a long discussion at a meeting last night at Typographical hall of the situation arising over the reinstatement of W. A. Miller, the assistant foreman of the bindery in the government printing office, who had been discharged because he had been expelled from the bookbinders' union. The meeting was attended by two representatives of the International Bookbinders' Brotherhood, by the presidents and secretaries of the various allied organizations represented in the government printing office, including the printers, the pressmen, the photo-engravers, and the women's auxiliary, and also by President Gompers and Secretary Morrison of the American Federation of Labor. After the meeting the statement was made that no definite action of any character had been taken and that the time had been consumed in discussion. No time was set for the present meeting and it is stated that a time to see what action Public Printer Palmer will take in the case of Miller, against whom charges of unfitness have been preferred.

Aside from the immediate interest aroused in the matter by Miller's reinstatement, the members of the various organizations represented say they realize that there is a broader aspect to the whole case. They feel that the president's ruling in Miller's case practically makes the government printing office an "open" shop, in which a man or woman may be employed whether members of any union or not.

They are very anxious that the chief executive find some way in which his ruling may be modified so that this condition of affairs will not arise.

POLITICAL REFORMERS MEET.

Former Senator Allen of Nebraska Makes the Principal Address.

Denver, July 28.—About fifty leaders of the Peoples' party and other political movements were present at the St. James hotel late Monday when the conference of political reform leaders was called to order by J. A. Edgerton, secretary of the Populist national committee. Mr. Edgerton spoke briefly, outlining the work that it is hoped to accomplish by the conference in the amalgamation of the various reform forces of the nation into one party. Mr. Edgerton was made the permanent chairman of the conference with Milton Park of Texas as vice chairman, and J. P. Calderhead of Montana as secretary. The day was taken up in the work of organization and short addresses. The principal speech was made by Former United States Senator W. V. Allen of Nebraska. Senator Allen favored a reorganization of the reform forces which should include the various factions now embracing practically the same political doctrines and differing mainly in regard to methods.

At the evening session a committee was named to draft resolutions and an address to the people and report to the conference today.

The chairman, vice chairman and secretary were made a committee to nominate a committee on reorganization, to undertake the work of forming a new party out of the reform forces of the country.

STOP WHEAT EXPORTATION.

Russians at New Chwang Strike a Blow at Japan.

Peking, July 28.—The Russian administration of New Chwang has stopped the exportation of wheat to Japan. The export of grain from Chinese ports is illegal, but the Russians heretofore have ignored the law. During the past week the Japanese obtained many shiploads from New Chwang, apparently preparing for war contingencies. Several ships were employed in bringing wheat from Shanghai and southern ports to New Chwang, where it was transhipped as a direct export. The prohibitory order was issued by the Russian officials last Thursday.

General Kondradovitch has been placed in charge of six armed commercial boats and the navigation of the Liao river, which is construed here as another sign of Russia's intention to retain New Chwang and the command of the river. Great numbers of Russian civilians and soldiers' families, it is reported, are being brought to Manchuria, it is believed, in pursuance of a comprehensive plan to rapidly colonize the province. At the present rate there will be almost 100,000 Russian civilians in Manchuria, including Port Arthur and Dainy, before the date fixed for the final evacuation next fall.

THREE MEN KILLED.

Lightning Strikes a Sawmill and Causes a Boiler Explosion.

Mobile, Ala., July 28.—Lightning struck the chimney of S. J. Walters sawmill near Grand Bay, Ala., Monday afternoon and caused the boiler to explode. William Carter, Alfred Washington and Lewis Johnson, all colored, were killed. Calvin Fort, white, and two other white men were injured.

FARMERS AFTER NEGRO.

Iowans Surround and Threaten to Lynch Alleged Assaulter.

Farmington, Ia., July 27.—A mob of farmers are searching for a negro named Clark, who is accused of having assaulted and attacked with a razor a white girl named Gertrude Hess on Sunday. The girl's life is in danger. The mob is now near Nevill. Reports say they have surrounded the negro and may lynch him there.

ARE YOU AFFLICTED WITH THE ITCH KING OF THE BLOOD ECZEMA

The prevalence of Eczema among the young and old is due to the introduction of poisonous matter in the blood. These eruptions, sores and eruptions upon the face, neck and body are all caused by impure blood. ECZEMA is a living fire to the blood, and the blood fire is the skin with the feel of its impurities; remove the impurity and the trouble passes away. MEDICINE is a specific blood purifier that cleanses, purifies and purges the blood of every possible taint, and quickly and permanently cures Eczema. Thousands of well-known citizens in every section of the country have been cured by the MEDICINE treatment after all other remedies had failed. This is the reason that every bottle of MEDICINE is sold on the positive and absolute guarantee that it will cure.

Eczema on Face and Neck. Mrs. Clara L. Clark, St. Joseph, Mo., writes: I have been afflicted for years with pimples and blotches on my face and neck. I was a sight to look upon. After trying all the best known remedies for 15 months, I tried MEDICINE, and it cured me and my face is now free from pimples, blotches and all signs of Eczema. I never did an express order for another course of treatment for a friend of mine.

Eczema Permanently Cured. Mrs. Francis L. Cooley, Memphis, Tenn., says: I write to tell you that my Eczema of twelve years standing is cured. All the little pustular eruptions on my face and legs have disappeared. The skin of my body for years would scale, while hot sores and inflammation, which was covered with scabs, would break out at times was almost unbearable. I tried doctor's prescriptions and other sure cures with no success.

Write MEDICINE REMEDY CO., Duluth, Minn., letters answered. Illustrated booklet containing testimonials of cures mailed free. Send express receipt of your druggist does not carry MEDICINE in stock.

PRICE, \$1 PER BOTTLE. 6 BOTTLES FOR \$5.

MEDICINE OINTMENT The new treatment for Eczema, Scalds, Burns, Ulcers, and all skin diseases. Price 50c. MEDICINE SOAP For toilet, bath and laundry, 25c. Sold by all druggists. Price 50c.

Moderine Remedies are Sold and Guaranteed by

OLAF SKAUGE

Why Don't You Try H. W. Barker's Cough, Catarrh and Consumption Remedy. Its the medicine that cures. There's nothing like it. At JOHNSON'S Pharmacy.

TWO MORE FAILURES

Messrs. Morgan of the Columbia and Belmont of the Constitution were perfectly satisfied with the choice of the committee. They are both of the opinion that the Reliance is the fastest of the trio.

From the showing of the three boats during the season the Reliance is fairly entitled to be the defending vessel. In every race she has crossed the finish line ahead, and has lost but few events on time allowance. It is probable the defender will proceed to Bristol for a thorough overhauling. The three yachts raced over a leeward and windward course Monday. There was a puffing northwester of fifteen miles' strength blowing, and the Reliance finished about four minutes ahead of the second boat.

BIG SHORTAGE DISCOVERED.

Iowa Bank Cashier and His Assistant Missing.

Pisgah, Ia., July 28.—No trace has yet been found of E. C. Hutchinson, cashier of Hutchinson's private bank, and the assistant cashier, Harry Smith, who disappeared when the bank closed its doors last Wednesday. The accounts of the bank are now checked up. The shortage so far discovered is placed at \$28,000; so far \$71 was found in the bank's vaults. A. M. Hutchinson of Council Bluffs, father of Cashier Hutchinson, stated that his son would be in Council Bluffs today, and that Assistant Cashier White was at his home at Mondamin, and that neither had at any time been in hiding.

SUICIDES WHILE INSANE.

North Dakota Woman Stabbed Herself and Dies in a Week.

Grand Forks, N. D., July 28.—Mrs. Regna Cleve, living four miles from Grafton, committed suicide by stabbing with a butcher knife, after which she ran from the house, where she had been left alone, to a small creek, took off her clothing and waded in. Her body was found there later by her relatives, who searched for her as soon as she was missed. It is thought that she was taken suddenly insane.

BATTLE TO THE DEATH.

Two Kentuckians Fight a Fatal Duel With Firearms.

Jackson, Ky., July 28.—Two men were killed in a fight on Long creek, and two were fatally injured in an encounter at Hunting creek, twenty miles from here Monday. In the fight on Long creek, Govan Smith was shot through the breast by John Hall and as he lay on the ground with the blood rushing from his wounds, Smith pulled his revolver and shot Hall through the brain. Both men expired almost immediately.

On Hunting creek, John Stidman and Alex Craft, engaged in a fight after a quarrel in a "blind tiger." Stidman drew a knife and Craft a revolver. Craft missed his mark the first two times, but on the third shot he inflicted a fatal wound. Stidman cut Craft about the body and it is said both will die.

FREIGHT CONDUCTOR MISSING.

E. E. Clements Disappeared After the Accident at Vlasaty, Minn.

St. Paul, July 28.—Conductor E. E. Clements, who had charge of the freight train that collided with the Great Western limited at Vlasaty Sunday, with the result that four lives were lost and forty persons injured, is missing.

He disappeared immediately after the accident, and nothing has since been heard from him at the offices of the company or at his home. It is believed that he is in hiding.

The railroad officials stated yesterday that no official investigation had been started, but one would be soon. All the injured are reported to be doing well.

Injured in a Collision.

St. Louis, July 28.—A collision occurred here between a Wabash passenger train and a switch engine, resulting in severe injuries to Miss Hannah Collins and Miss Mary A. Collins of Chicago and slight bruises to other passengers.

LOCAL NEWS NOTES.

Prof. Lyle has gone to Bemidji on business.

Ed Dessen came in from Staples this afternoon.

Frank Ady came in from the south this afternoon.

S. C. Anderson, of Aitkin, is in the city on business.

M. G. Austin, of St. Cloud is in the city on business.

Roy Guthrie returned from a trip north this morning.

J. J. Ryan was in the city yesterday afternoon on business.

Claude Frost expects to leave for Moorhead in a day or so. He has accepted a position there.

George Guyette has accepted a position as bartender in Moorhead and will leave for there tonight.

C. H. Kylo and a party of friends left this morning for some lakes north of Brainerd for a few days fishing.

Mrs. F. C. Butts and daughter returned this morning from the east where they have been visiting for some time.

A. A. Welch, the land man, came in from the southern part of the state this morning, where he has been on business.

Mr. and Mrs. W. S. Jordan and Miss Vivian Jordan left yesterday afternoon for the farm where they will spend a few days.

Work was commenced today on the job of widening the sidewalk on the south side of Laurel between Sixth and Eighth streets.

John Cochran is passing around the cigars today but he is as dumb as an oyster and says the cause of it all he will not give out to the public.

Ed McDonald, a well known machinist, has gone to Albuquerque, N. M., where he will work in the shops over which S. L. Bean has jurisdiction.

Mrs. J. J. Hunt arrived in the city this afternoon after a three weeks absence visiting friends at Rochester and other points in the southern part of the state.

Judge McClenahan has issued an order in the divorce case of Christiana Hanson vs. Ole B. Hanson allowing the plaintiff temporary alimony of \$3 a week and \$40 attorney's fees.

Last night at the meeting of the Eastern Star it was decided to give a picnic on Friday, August 14. All members of the Eastern Star and their families will be invited to attend. They expect to go to Gilbert lake for the day, and a rare program has been prepared for the event.

Dr. LaFontaine, the medicine show man, had some trouble in getting his carload of stuff to Aitkin. He got there Sunday morning himself, but yesterday morning his stuff had not shown up, although it had been billed. He came down again yesterday noon and found the car all right which was shipped to Aitkin last night where the doctor will show for a week.

Miss Clotilde McCullough expects to leave soon for New York for a visit.

G. W. Massey, the insurance man, came in from Little Falls this afternoon.

Work will commence in a short time on the redecking of the East Brainerd bridge.

Mrs. John McGowan left for St. Paul this afternoon for a visit with friends and relatives.

Attorney Scribner of Backus, was in the city for a short time today on legal business.

Supt. Cook, of the Brainerd Lumber company, returned from Minneapolis this afternoon.

Miss Catherine and Harold Rounds left this afternoon for Staples where they will visit for a short time.

Miss Bertha Linneman, of St. Joe, arrived in the city this afternoon for a visit with friends and relatives.

The new home built by Dr. O. T. Batcheller on Fourth street is about complete and ready for occupancy.

Day Clerk Murphy, of the Swanson hotel, is on the indisposed list. He is suffering from a slight injury to his foot.

James Moore, traveling auditor for the Standard Oil company, was in the city yesterday afternoon and this morning on business.

The old platform at the depot is being lowered now and the very inconvenient arrangement of the past few weeks will soon be alleviated.

Larry McPherson Jr. and bride arrived in the city this afternoon from the west. They will visit here for a short time with relatives.

John Gilmer is in the city today and is negotiating for the purchase of a house and lot. He expects to move his family here for the winter.

M. D. Taylor, register of the St. Cloud land office, passed through the city this afternoon en route home from Backus where he had been on business.

T. C. Donovan, an old time traveling man who made this city years ago, passed through today en route to Wadena. He has many acquaintances in this city.

The machinery for the new Atlas Milling company mill in this city has arrived and is being installed. The company expects to have the mill in operation by Sept. 1.

A crew of men started laying the side track from the Cleary, McGinnis & Hemstead warehouse to the new mill of the Atlas Milling company this morning.

Mrs. Dr. Thabes very pleasantly entertained a few friends at an afternoon luncheon yesterday afternoon in honor of Mrs. Booth, of Grand Rapids, who is visiting in the city.

Judge and Mrs. J. T. Sanborn returned yesterday from Baltimore where the judge attended the national convention of the Elks. He reports having had a delightful trip and says that the convention was one of the biggest ever held.

F. A. Bartlett, state missionary, who has been in Crow Wing county under the auspices of the American Sunday School association for a week or two, left this afternoon for his home in Minneapolis. He reports some good progress in Crow Wing county during the past year or two in Sunday school work.

The little son of Robert Potter, a well known Crow Wing county farmer, was brought to the city yesterday by his father and taken to St. Joseph hospital. On the fourth the little fellow was hit on the calf of the leg with a base ball bat and immediately afterwards the leg swelled up and it has been getting worse right along.

Tonight there will be a social at the home of Mr. and Mrs. William Rogers, corner of Seventh and Bluff. The proceeds will go toward the fund being raised to liquidate the debt on the M. E. church. Everyone is invited and a good time is assured; there will be a vocal and instrumental program. Ice cream and cake served from 5 until 9 o'clock.

Prof. Gleason, the piano tuner, came in from Minneapolis this afternoon.

Henry Rosenberger returned today from Glendive, Mont., where he has been working for some time.

Mrs. Booth, who has been visiting in the city for some time, left this afternoon for her home in Grand Rapids.

C. H. Warner and two little daughters, of Aitkin, passed through the city this afternoon en route to St. Paul where the little girls will visit for some time.

There will be another meeting of the general citizen's committee tomorrow evening to take up the water works matter. It is expected that there will be an interesting report from Attorney A. D. Polk.

The bans will be announced now in a short time of the wedding of two very prominent and well known young society people. It is understood the wedding will occur in October.

Contractors generally throughout the city report a very abrupt dropping off of business in the building line. The season opened up very big and things boomed but at present there is very little doing. It has been an unusual year for repairing and fixing up.

BRUNS, the optician, remains but 2 days more at the Arlington hotel, don't fail to consult him about your eyes, examination free.

D. M. Clark & Co., oldest and largest installment house in the city. Goods sold on easy terms.

We make to order ladies' seal, otter, Persian lamb fur garments. All work warranted to be first-class in style, fit and workmanship. N. W. Fur Co., up-to-date furriers.

To Cure a Cold in One Day
Take Laxative Broom Quinine Tablets, all druggists refund the money if it fails to cure. E. W. Groves signature is on each box. 25c.

ESCAPED INTO A SWAMP.

Negro Assassin of an Indiana Woman Pursued by Farmers.

Logansport, Ind., July 28.—An unknown colored man last night attempted to assault Mrs. Joseph Watts, wife of a prominent farmer near here. Threshers of the farm heard her screams and started after the negro chasing him several miles and firing a number of shots at him. He escaped into a swamp country and is believed to be badly wounded, as blood was left on his trail. Farmers are organizing to continue the pursuit at dawn.

MORE BODIES RECOVERED.

Mangled Remains of Eleven Miners Found at Hanna, Wyo.

Hanna, Wyo., July 2.—Eleven more bodies of victims of the Union Pacific mine explosion have been recovered. Although they are mangled and partly decomposed, they have been identified as follows:

James Wilds, Jr., Uriah Davis, James Watson, Thomas Mantl, Henry Lindl, Robert Tinsley, Clay Tinsley, John Malberg, Mat Malberg, Files Nicholson and Nick Lammen.

Good progress is made and it is hoped all the bodies will be recovered before the end of the month.

The Customs of the Country.

There was once a Newfoundland fisherman—he chanced to be a Catholic—who in old age came to die. He had lived in debt all his life and, no doubt, had never once given his whole catch to the dealer who supplied him, but had wrongfully slipped many a quintal over the side of a rival schooner and traded it out on the spot.

"Send for Fawther Rafferty," he said. "Send immediate!"

He wanted to confess his sins, to be shaven and to depart in peace, but his old priest had been transferred to Trinity Bay. A young man, just back from Rome, was now the spiritual head of the parish.

"Sure, 'tis Fawther Codlin," they told him.

"Non, non!" the old man protested. "Fawther Codlin's a fine young man—a clever young man, I doubt me not, but 'tis old Fawther Rafferty I want to hear me confession!"

"An' why?" they asked.

"Sure," the dying man gasped, "he knows the customs of the country."—Norman Duncan in World's Work.

Ancient Table Manners.

A description of a dinner given in 1350 shows that there has been a vast improvement in table manners since then. As a rule, one knife had to serve for two people, and often a bowl of soup was used by two persons. For this reason the party giving the dinner arranged his guests in couples, trying to place people together who would be congenial and not adverse to this common use of table appointments.

Spoons were seldom supplied to the guests, and the soup was drunk directly from the bowl, the latter usually having side handles by which it was held. In less refined company there were no separate soup bowls, only one large porringer, which was passed around to the guests in turn. The diners helped themselves to the pieces of meat they desired from the common dish with their fingers.

Napkins were considered a luxury, and were only provided in very aristocratic and wealthy families.—Philadelphia Inquirer.

Sponge Growing.

Sponges are cultivated in West Indian waters and the Mediterranean. In its natural state the bath or toilet sponge is fleshy and covered with a black skin. To obtain the light colored, horny and elastic skeleton, sponges are left in shallow sea water for several days in a staked inclosure until the rotten animal matter can be beaten out. For artificial cultivation a living sponge is cut into small blocks, about a cubic inch in size, with a portion of the outer skin on each. These, fixed to a frame of weighted trellis-work, are sunk into a few fathoms of clear water, where they flourish best on a bottom of green seaweed free from mud. In about seven years the cuttings grow into sponges of marketable size.

A Caustic Retort.

An Englishman of somewhat questionable reputation, who was criticizing the American way of spelling, once turned to Maurice Barrymore, the actor, and said: "I'll leave it to Mr. Barrymore. Is it right to leave out the 'u' in such words as harbor, neighbor, honor, candor, etc?" "Well, about harbor and neighbor I am not sure," replied Barrymore, "but when it comes to honor and candor I leave you out."

Oranges and Tobacco.

"Did you ever notice," asked a well known physician the other day, "that men who eat oranges are not much injured by smoking? It is a fact. Orange juice has the faculty of neutralizing nicotine, and that is the reason. I have seen men weakened and even made ill by excessive smoking, and a few oranges were all that was necessary to straighten them out."—Philadelphia Record.

Cause For Pride.

Wantone—What's the matter, Blankley? You're all cut about and your arm in a sling, as though you had been in a fight, and yet you look beaming and smiling over it all.

Blankley—The fact is I have all along thought my boy Harold a sort of muff, and the other day I undertook to give him some boxing lessons. This is the result of the first lesson. Oh, I'm proud of that boy!

He Was Competent Himself.

Bobby's father was breaking the news to him.

"How would you like to have a little brother, Bob?" he asked.

"First rate," replied the youngster cheerfully. Then he reflected a minute. "No," he said slowly. "I guess, after all, I'd rather have a sister. I'm a boy myself, you know."—New York Tribune.

Propinquity of Now and Then.

"Bigglesworth isn't addicted to drink, is he?"

"Addicted? Oh, no. Of course he takes a glass now and then."

"I see I must modify my question. Doesn't Bigglesworth let his 'now' blend with his 'then' a little too frequently?"—Cleveland Plain Dealer.

A Question of Courage.

Phyllis—Yes, he was paying attention to her quite a long time.

Blanche—Perhaps he hadn't the courage to propose.

Phyllis—Oh, I don't know. Perhaps he had the courage not to propose.—Town and Country.

An Obstinate Man.

"Is it true the jury disagreed in that murder case?"

"Yes; they say there was one blamed crank that held out for convictin' the man who done the killin'!"—Chicago Tribune.

LOCAL NEWS NOTES.

Prof. Lyle has gone to Bemidji on business.

Ed Dessen came in from Staples this afternoon.

Frank Ady came in from the south this afternoon.

S. C. Anderson, of Aitkin, is in the city on business.

M. G. Austin, of St. Cloud is in the city on business.

Roy Guthrie returned from a trip north this morning.

J. J. Ryan was in the city yesterday afternoon on business.

Claude Frost expects to leave for Moorhead in a day or so. He has accepted a position there.

George Guyette has accepted a position as bartender in Moorhead and will leave for there tonight.

C. H. Kylo and a party of friends left this morning for some lakes north of Brainerd for a few days fishing.

Mrs. F. C. Butts and daughter returned this morning from the east where they have been visiting for some time.

A. A. Welch, the land man, came in from the southern part of the state this morning, where he has been on business.

Mr. and Mrs. W. S. Jordan and Miss Vivian Jordan left yesterday afternoon for the farm where they will spend a few days.

Work was commenced today on the job of widening the sidewalk on the south side of Laurel between Sixth and Eighth streets.

John Cochran is passing around the cigars today but he is as dumb as an oyster and says the cause of it all he will not give out to the public.

Ed McDonald, a well known machinist, has gone to Albuquerque, N. M., where he will work in the shops over which S. L. Bean has jurisdiction.

Mrs. J. J. Hunt arrived in the city this afternoon after a three weeks absence visiting friends at Rochester and other points in the southern part of the state.

Judge McClenahan has issued an order in the divorce case of Christiana Hanson vs. Ole B. Hanson allowing the plaintiff temporary alimony of \$3 a week and \$40 attorney's fees.

Last night at the meeting of the Eastern Star it was decided to give a picnic on Friday, August 14. All members of the Eastern Star and their families will be invited to attend. They expect to go to Gilbert lake for the day, and a rare program has been prepared for the event.

Dr. LaFontaine, the medicine show man, had some trouble in getting his carload of stuff to Aitkin. He got there Sunday morning himself, but yesterday morning his stuff had not shown up, although it had been billed. He came down again yesterday noon and found the car all right which was shipped to Aitkin last night where the doctor will show for a week.

Miss Clotilde McCullough expects to leave soon for New York for a visit.

G. W. Massey, the insurance man, came in from Little Falls this afternoon.

Work will commence in a short time on the redecking of the East Brainerd bridge.

Mrs. John McGowan left for St. Paul this afternoon for a visit with friends and relatives.

Attorney Scribner of Backus, was in the city for a short time today on legal business.

Supt. Cook, of the Brainerd Lumber company, returned from Minneapolis this afternoon.

Miss Catherine and Harold Rounds left this afternoon for Staples where they will visit for a short time.

Miss Bertha Linneman, of St. Joe, arrived in the city this afternoon for a visit with friends and relatives.

The new home built by Dr. O. T. Batcheller on Fourth street is about complete and ready for occupancy.

Day Clerk Murphy, of the Swanson hotel, is on the indisposed list. He is suffering from a slight injury to his foot.

James Moore, traveling auditor for the Standard Oil company, was in the city yesterday afternoon and this morning on business.

The old platform at the depot is being lowered now and the very inconvenient arrangement of the past few weeks will soon be alleviated.

Larry McPherson Jr. and bride arrived in the city this afternoon from the west. They will visit here for a short time with relatives.

John Gilmer is in the city today and is negotiating for the purchase of a house and lot. He expects to move his family here for the winter.

M. D. Taylor, register of the St. Cloud land office, passed through the city this afternoon en route home from Backus where he had been on business.

T. C. Donovan, an old time traveling man who made this city years ago, passed through today en route to Wadena. He has many acquaintances in this city.

The machinery for the new Atlas Milling company mill in this city has arrived and is being installed. The company expects to have the mill in operation by Sept. 1.

A crew of men started laying the side track from the Cleary, McGinnis & Hemstead warehouse to the new mill of the Atlas Milling company this morning.

Mrs. Dr. Thabes very pleasantly entertained a few friends at an afternoon luncheon yesterday afternoon in honor of Mrs. Booth, of Grand Rapids, who is visiting in the city.

Judge and Mrs. J. T. Sanborn returned yesterday from Baltimore where the judge attended the national convention of the Elks. He reports having had a delightful trip and says that the convention was one of the biggest ever held.

F. A. Bartlett, state missionary, who has been in Crow Wing county under the auspices of the American Sunday School association for a week or two, left this afternoon for his home in Minneapolis. He reports some good progress in Crow Wing county during the past year or two in Sunday school work.

The little son of Robert Potter, a well known Crow Wing county farmer, was brought to the city yesterday by his father and taken to St. Joseph hospital. On the fourth the little fellow was hit on the calf of the leg with a base ball bat and immediately afterwards the leg swelled up and it has been getting worse right along.

Tonight there will be a social at the home of Mr. and Mrs. William Rogers, corner of Seventh and Bluff. The proceeds will go toward the fund being raised to liquidate the debt on the M. E. church. Everyone is invited and a good time is assured; there will be a vocal and instrumental program. Ice cream and cake served from 5 until 9 o'clock.

Prof. Gleason, the piano tuner, came in from Minneapolis this afternoon.

Henry Rosenberger returned today from Glendive, Mont., where he has been working for some time.

Mrs. Booth, who has been visiting in the city for some time, left this afternoon for her home in Grand Rapids.

C. H. Warner and two little daughters, of Aitkin, passed through the city this afternoon en route to St. Paul where the little girls will visit for some time.

There will be another meeting of the general citizen's committee tomorrow evening to take up the water works matter. It is expected that there will be an interesting report from Attorney A. D. Polk.

The bans will be announced now in a short time of the wedding of two very prominent and well known young society people. It is understood the wedding will occur in October.

Contractors generally throughout the city report a very abrupt dropping off of business in the building line. The season opened up very big and things boomed but at present there is very little doing. It has been an unusual year for repairing and fixing up.

BRUNS, the optician, remains but 2 days more at the Arlington hotel, don't fail to consult him about your eyes, examination free.

D. M. Clark & Co., oldest and largest installment house in the city. Goods sold on easy terms.

We make to order ladies' seal, otter, Persian lamb fur garments. All work warranted to be first-class in style, fit and workmanship. N. W. Fur Co., up-to-date furriers.

To Cure a Cold in One Day
Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. E. W. Grove's signature is on each box. 25c.

ESCAPED INTO A SWAMP.

Negro Assailant of an Indiana Woman Pursued by Farmers.

Logansport, Ind., July 28.—An unknown colored man last night attempted to assault Mrs. Joseph Watts, wife of a prominent farmer near here. Threshers of the farm heard her screams and started after the negro, chasing him several miles and firing a number of shots at him. He escaped into a swamp country and is believed to be badly wounded, as blood was left on his trail. Farmers are organizing to continue the pursuit at dawn.

MORE BODIES RECOVERED.

Mangled Remains of Eleven Miners Found at Hanna, Wyo.

Hanna, Wyo., July 2.—Eleven more bodies of victims of the Union Pacific mine explosion have been recovered. Although they are mangled and partly decomposed, they have been identified as follows:

James Wilds, Jr., Uriah Davis, James Watson, Thomas Mant, Henry Lind, Robert Tinsley, Clay Tinsley, John Malberg, Mat Malberg, Elias Nicholson and Nick Laminien.

Good progress is made and it is hoped all the bodies will be recovered before the end of the month.

The Customs of the Country.

There was once a Newfoundland fisherman—he chanced to be a Catholic—who in old age came to die. He had lived in debt all his life and, no doubt, had never once given his whole catch to the dealer who supplied him, but had wrongfully slipped many a quintal over the side of a rival schooner and traded it out on the spot.

"Send for Fawther Rafferty," he said. "Send immediate!"

He wanted to confess his sins, to be shriven and to depart in peace, but his old priest had been transferred to Trinity Bay. A young man, just back from Rome, was now the spiritual head of the parish.

"Sure, 'tis Fawther Codlin," they told him.

"Noa, noa!" the old man protested. "Fawther Codlin's a fine young man—a clever young man, I doubt me not, but 'tis old Fawther Rafferty I want to hear me confession."

"An' why?" they asked.

"Sure," the dying man gasped, "he knows the customs of the country."—Norman Duncan in World's Work.

Ancient Table Manners.

A description of a dinner given in 1350 shows that there has been a vast improvement in table manners since then. As a rule, one knife had to serve for two people, and often a bowl of soup was used by two persons. For this reason the party giving the dinner arranged his guests in couples, trying to place people together who would be congenial and not adverse to this common use of table appointments.

Spoons were seldom supplied to the guests, and the soup was drunk directly from the bowl, the latter usually having side handles by which it was held. In less refined company there were no separate soup bowls, only one large porringer, which was passed around to the guests in turn. The diners helped themselves to the pieces of meat they desired from the common dish with their fingers.

Napkins were considered a luxury, and were only provided in very aristocratic and wealthy families.—Philadelphia Inquirer.

Sponge Growing.

Sponges are cultivated in West Indian waters and the Mediterranean. In its natural state the bath or toilet sponge is fleshy and covered with a black skin. To obtain the light colored, horny and elastic skeleton, sponges are left in shallow sea water for several days in a staked inclosure until the rotten animal matter can be beaten out. For artificial cultivation a living sponge is cut into small blocks, about a cubic inch in size, with a portion of the outer skin on each. These, fixed to a frame of weighted trellis-work, are sunk into a few fathoms of clear water, where they flourish best on a bottom of green seaweed free from mud. In about seven years the cuttings grow into sponges of marketable size.

A Caustic Retort.

An Englishman of somewhat questionable reputation, who was criticising the American way of spelling, once turned to Maurice Barrymore, the actor, and said: "I'll leave it to Mr. Barrymore. Is it right to leave out the 'u' in such words as harbor, neighbor, honor, candor, etc?" "Well, about harbor and neighbor I am not sure," replied Barrymore, "but when it comes to honor and candor I leave you out."

Oranges and Tobacco.

"Did you ever notice," asked a well known physician the other day, "that men who eat oranges are not much injured by smoking? It is a fact. Orange juice has the faculty of neutralizing nicotine, and that is the reason. I have seen men weakened and even made ill by excessive smoking, and a few oranges were all that was necessary to straighten them out."—Philadelphia Record.

Cause For Pride.

Wanton—What's the matter, Blankley? You're all cut about and your arm in a sling, as though you had been in a fight, and yet you look beaming and smiling over it all.

Blankley—The fact is I have all along thought my boy Harold a sort of muf, and the other day I undertook to give him some boxing lessons. This is the result of the first lesson. Oh, I'm proud of that boy!

He Was Competent Himself.

Bobby's father was breaking the news to him.

"How would you like to have a little brother, Bob?" he asked.

"First rate," replied the youngster cheerfully. Then he reflected a minute. "No," he said slowly. "I guess, after all, I'd rather have a sister. I'm a boy myself, you know."—New York Tribune.

Propinquity of Now and Then.

"Bigglesworth isn't addicted to drink, is he?"

"Addicted? Oh, no. Of course he takes a glass now and then."

"I see I must modify my question. Doesn't Bigglesworth let his 'now' blend with his 'then' a little too frequently?"—Cleveland Plain Dealer.

A Question of Courage.

Phyllis—Yes, he was paying attention to her quite a long time.

Blanche—Perhaps he hadn't the courage to propose.

Phyllis—Oh, I don't know. Perhaps he had the courage not to propose.—Town and Country.

An Obstinate Man.

"Is it true the jury disagreed in that murder case?"

"Yes; they say there was one blamed crank that held out for convictin' the man who done the killin'."—Chicago Tribune.

WESTERN UNION MAY IMPROVE SERVICE

Rumored that the Western Union
Telegraph Office Will be
Moved Soon and

SERVICE BETTERED IN BRAINERD

Not Unlikely that a Night Shift
Will be Put on and Night
Service Inaugurated.

There is a rumor to the effect that
the Western Union Telegraph company
will improve its service in Brainerd
quite materially in the near future.
The present quarters at the Arlington
hotel are deemed entirely inadequate,
and it is stated that other arrange-
ments have been made for offices in a
more central location.

The present service of the Western
Union in this city is not what it ought
to be for a city of this size, and in all
likelihood the company contemplates a
remedy which will meet all the require-
ments.

An official of the company was in the
city yesterday and he looked the ground
over rather thoroughly and it is likely
that the company will act on his recom-
mendations. At present the office here
closes in the evening at a rather early
hour and does not open again until
morning. In all probability one of the
improvements will be the inauguration
of a night service.

What's the secret of happy, vigorous
health? Simply keeping the bowels,
the stomach, the liver and the kidneys
strong and active. Burdock Blood Bit-
ters does it.

TROUBLES ON THE LINES.

Work of Transferring Telephone Lines to
the New Cable is Now in Pro-
gress and This is Cause.

If there is any trouble on the tele-
phone lines in the city at present it may
be explained from the fact that the
lines are being transferred to the new
cable which was recently put in by
Manager Walker from the exchange up
Seventh street to the corner of King
wood and Seventh.

Mr. Walker has made many improve-
ments this summer in the lines of the
city. New poles have been put in at
many intersections throughout the city,
two carloads of them having been used.

Diphtheria relieved in twenty minutes.
Almost miraculous. Dr. Thomas' Ec-
lectic Oil. At any drug store.

EAGLES MADE GOOD MONEY.

Cleared Nearly \$1000 on the Carnival Last
Week—A Busy Week at Fargo
for Same Company.

The carnival held in this city last
week under the auspices of the Brainerd
Aerie of Eagles was a big thing in
more ways than one, and financially it
showed up like a mountain. The Eagles
state today that they cleared in the
neighborhood of \$1000 on the week.

Last evening the DISPATCH made the
statement that the Eagles were "nat-
urally pleased" with the results if some
of the merchants were not. Some have mis-
construed this statement. It had no in-
tent of casting a reflection on the Eagles
or the part they took in the carnival,
but on the other hand the fact
was pointed out rather as a compliment
to them for their shrewdness in taking
hold of the matter. They claim today
that it is not a fact that all the mer-
chants are sore; that the few that are
sore take the stand because of some
personal interests in the matter.

Night Was Her Terror.

"I would cough nearly all night long,"
writes Mrs. Chas. Apelegate, of Alexan-
dria, Ind., "and I could hardly get any
sleep. I had consumption so bad that
if I walked a block I would cough
frightfully and spit blood, but, when all
other medicine had failed, three \$1.00
bottles of Dr. King's New discovery
wholly cured me and I gained 58
pounds." It's absolutely guaranteed to
cure coughs, colds, la grippe, bronchitis
and all throat and lung troubles. Price
50c and \$1.00. Trial bottles free at H.
P. Dunn & Co's drug store.

MUSIC AND DRAMA.

FRANCIS GREENE STOCK CO.

At the Metropolitan last night, the
Greene Stock company presented the
drama "A Life for a Life," a play replete
with strong situations and presenting
many opportunities for the actor to dis-
tinguish himself. As usual there were
new specialties, there being an entire
change of program in this department
each evening. The performance was
preceded by a street parade of the com-
pany's novel band, which created a great
deal of music on the street. The bill
for tonight is "The Brand of Cain."—
Grand Forks Herald, July 23.

The Francis Greene Stock company
will appear at the Brainerd theatre all
next week at popular summer prices, 15,
25, 35 and 50. Ladies will be admitted
free the opening night if accompanied
by a paid 35c or 50c ticket.

Just received a carload of fence wire
at D. M. Clark & Co. 30 tf

WAS FINED SUM OF \$50.

Melvin Myrick Fined a Neat Little Sum for
Pounding His Wife--The Defendant
Appeals the Case.

Melvin Myrick, who was complained
against last week by his wife, who
charged that he had most unmercifully
beat and kicked her, had a hearing yester-
day afternoon before Judge Warner
and was fined \$50 by the court.

There was no defense put in at all
and the court could hardly do otherwise
in the face of the preponderance of
evidence to the effect that Mrs. Myrick
had been brutally assaulted. The de-
fendant by his attorney, W. H. Crowell,
has appealed the case to the district
court and the proper bond for the ap-
peal has been filed.

D. M. Clark & Co. have just received
a new spring line of wall paper and room
moulding. 30 tf

A little life may be sacrificed to an
hour's delay. Cholera infantum, dysen-
tery, diarrhoea come suddenly. Only
safe plan is to have Dr. Fowler's Extract
of Wild Strawberry always on hand.

VERY LITTLE DOING.

Negotiations Between Con O'Brien and
President Ambrose Tighe Seem-
ed to Have Been Dropped.

It will be remembered that Con
O'Brien, who is at the head of the com-
mittee on municipal ownership, reported
to the general citizen's committee at
its last meeting an interview had be-
tween himself and President Ambrose

company. He stated that he had made
an offer of \$10,000 for Mr. Tighe's equity
in the plant in this city, but that Mr.
Tighe had held out for \$15,000.

Seen this morning Mr. O'Brien stated
that there was nothing further to report
on the matter; that there was virtually
nothing doing and that they had not
been able to get together on the deal.

Hives are a terrible torment to the
little folks, and to some older ones.
Easily cured. Doan's Ointment never
fails. Instant relief, permanent cure
At any drug store, 50 cents.

CURE FOR HAY FEVER.

H. P. Dunn & Co. Say Hyomei will Give
Relief—Sold Under Guarantee.

The season for hay fever is almost at
hand and many people feel that they
will be obliged to leave town in order to
avoid the sneezing, watery eyes and
other annoying symptoms of this dis-
agreeable summer disease.

H. P. Dunn & Co. wish us to announce
that when Hyomei is used, either as a
preventative or cure, there will be no
hay fever. They advise the use of Hyomei
daily for two or three weeks before the
usual time for the annual appear-
ance of hay fever. In this way the at-
tack will be prevented. If, however,
the preventative treatment was not
commenced soon enough and the disease
comes on, use Hyomei six or seven times
daily and also rub Hyomei Balm thor-
oughly into the nostrils both morning
and night. This treatment will relieve
at once and give a speedy and perma-
nent cure.

Hyomei actually brings into your own
home, a climate filled with ozone and
healing balsams, the same air that one
breathes at the White Mountains or
other health resorts.

There is no stomach dosing when
Hyomei is used. It is nature's own
method for curing all diseases of the
respiratory organs, and is breathed
through a neat pocket inhaler that ac-
companies every outfit, so that the medi-
cated air reaches the minutest air cells,
killing all germs and soothing and heal-
ing the irritated mucous membrane.

It is the one treatment for hay fever
where H. P. Dunn & Co. guarantee to
refund the money if it does not give
satisfaction. All who are subject to hay
fever should begin its use at once so as
to prevent the disease. 32

READY FOR THE FRAY.

Land Commissioner Richards Returns to
Washington and will take up Minne-
sota Land Office Matter.

Land Commissioner Richards has re-
turned to Washington after an extended
absence, owing to the illness of Mrs.
Richards, says a Washington corres-
pondent. The commissioner did not
take up officially any of the many mat-
ters awaiting his attention, several of
which are of great importance to Min-
nesota. He had already received the
note from President Roosevelt relative
to the Cass Lake land office, and will
give it consideration very soon. Con-
gressman Buckman, who has been in
New York, is now back in Washington
and will have another conference at the
land office. Mr. Buckman says that he
has hired no lawyers and will not have
any delegation to appear with him at
this time for he is confident in the fair-
ness of the president and the depart-
ment. He wants to ascertain first of all
the exact status, and will then be pre-
pared to make his statement.

Bemidji has been heard for the past
four months, statements and telegrams
being filed, and an additional opportu-
nity may be given. Commissioner Rich-
ards will be asked to consider the ques-
tion of amending the rules and regula-
tions for selling pine on the Chippewa
reservation, and strong arguments will
be presented to have the time extended
beyond July 1, 1905. There was an in-
timation that a representative of the
Minnesota lumbermen, who is seeking
to have the time extended, has incurred
the displeasure of some of the official,
and that he rather injured more than
aided the cause he pleaded.

CROP PROSPECTS GOOD

J. M. Hannaford, Second Vice President
of N. P., Takes a Trip over the Sys-
tem to Look Over Crops.

J. M. Hannaford, second vice pres-
ident of the Northern Pacific, returned
today from a two week's trip over all
the lines of the system. Mr. Hannaford
was accompanied by his two sons.

Mr. Hannaford said that he was well
pleased with the crop prospects along
the system, particularly on the west end.
In Washington and Idaho, where there
was some damage on account of the el-
ements, the loss will be fully neutralized
by the greatly increased acreage sown
to wheat this year. Other crops were
looking very nicely.

On the east end of the system in North
Dakota and Minnesota the crops were
good in some places and fair in others,
yet the total yield, Mr. Hannaford
thinks, will be fair.

CASE CONTINUED AGAIN

Case of the State Against P. E. McCabe
Charged with Selling Liquor on Sun-
day Comes up Again.

The case of the state against P. E.
McCabe was called again this morning
in the municipal court but it was con-
tinued until the morning of August 6.

It will be remembered that McCabe
was arrested charged with selling liquor
on Sunday and his case came up about
a week ago. At that time there was a
question whether it could be made a
city case, but it was finally decided that
it could not under the ordinance for the
reason that the license did not run in
his name but to John McCarty, a
nephew.

Brutally Tortured.

A case came to light that for persist-
ent and unmerciful torture has perhaps
never been equaled. Joe Golobick, of
Colusa, Calif. writes. "For 15 years I
endured insufferable pain from rheuma-
tism and nothing relieved me though I
tried everything known. I came across
Electric Bitters and it's the greatest
medicine on earth for that trouble. A
few bottles of it completely relieved and
cured me." Just as good for liver and
liver troubles and general debility.

WESTERN UNION MAY IMPROVE SERVICE

Rumored that the Western Union
Telegraph Office Will be
Moved Soon and

SERVICE BETTERED IN BRAINERD

Not Unlikely that a Night Shift
Will be Put on and Night
Service Inaugurated.

There is a rumor to the effect that
the Western Union Telegraph company
will improve its service in Brainerd
quite materially in the near future.
The present quarters at the Arlington
hotel are deemed entirely inadequate,
and it is stated that other arrange-
ments have been made for offices in a
more central location.

The present service of the Western
Union in this city is not what it ought
to be for a city of this size, and in all
likelihood the company contemplates a
remedy which will meet all the require-
ments.

An official of the company was in the
city yesterday and he looked the ground
over rather thoroughly and it is likely
that the company will act on his recom-
mendations. At present the office here
closes in the evening at a rather early
hour and does not open again until
morning. In all probability one of the
improvements will be the inauguration
of a night service.

What's the secret of happy, vigorous
health? Simply keeping the bowels,
the stomach, the liver and the kidneys
strong and active. Burdock Blood Bit-
ters does it.

TROUBLES ON THE LINES.

Work of Transferring Telephone Lines to
the New Cable is Now in Pro-
gress and This is Cause.

If there is any trouble on the tele-
phone lines in the city at present it may
be explained from the fact that the
lines are being transferred to the new
cable which was recently put in by
Manager Walker from the exchange up
Seventh street to the corner of King-
wood and Seventh.

Mr. Walker has made many improve-
ment this summer in the lines of the
city. New poles have been put in at
many intersections throughout the city,
two carloads of them having been used.

Diphtheria relieved in twenty minutes.
Almost miraculous. Dr. Thomas' Ec-
lectic Oil. At any drug store.

for Same Company.

The carnival held in this city last
week under the auspices of the Brain-
erd Aerie of Eagles was a big thing in
more ways than one, and financially it
showed up like a mountain. The Eagles
state today that they cleared in the
neighborhood of \$1000 on the week.

Last evening the DISPATCH made the
statement that the Eagles were "natu-
rally pleased" with the results if some
of the merchants were not. Some have mis-
construed this statement. It had no in-
tent of casting a reflection on the Eagles
or the part they took in the carnival,
but on the other hand the fact was
pointed out rather as a compliment
to them for their shrewdness in taking
hold of the matter. They claim today
that it is not a fact that all the mer-
chants are sore; that the few that are
sore take the stand because of some
personal interests in the matter.

CASE CONTINUED AGAIN

Case of the State Against P. E. McCabe
Charged with Selling Liquor on Sun-
day Comes up Again.

The case of the state against P. E.
McCabe was called again this morning
in the municipal court but it was con-
tinued until the morning of August 6.

It will be remembered that McCabe
was arrested charged with selling liquor
on Sunday and his case came up about
a week ago. At that time there was a
question whether it could be made a
city case, but it was finally decided that
it could not under the ordinance for the
reason that the license did not run in
his name but to John McCarty, a
nephew.

Brutally Tortured.

A case came to light that for persist-
ent and unmerciful torture has perhaps
never been equaled. Joe Golobick, of
Colusa, Calif., writes, "For 15 years I
endured insufferable pain from rheuma-

RADIUM AND ITS USES.

New Element Considered Su-
perior to the X Rays.

EFFECTIVE IN CURING CANCER.

Fraction of a Grain Said to Have
Been Used Successfully in Treat-
ment of Disease Which Affected the
Nose—May Cure the Blind—Has
Powerful Lighting Property and
Enormous Energy.

A writer in the London Times has an
article dealing with the practical uses
to which radium can and may be put.
He laments the fact that there is no
sign that the chemical industry in Eng-
land has yet awakened to these possi-
bilities. He says: "In Germany and
France radium is successfully produced
on a manufacturing scale. The de-
mand at \$75,000 an ounce is far in ex-
cess of the supply, whereas in England
it is neither produced nor is its manu-
facture attempted."

"Physicists and doctors complain of
the impossibility of regulating the
character of X rays so as to repeat
with certainty any desired effect. Radium
gives a beautifully consistent and
uniform supply of rays. Instead of the
cumbersome focus tube, nearly as large
as a football, and the manifold expen-
sive items of the X ray outfit a glass
tube, somewhat smaller than a tooth-
pick and containing from one-tenth to
one-fifth of a grain of radium, has al-
ready been successfully employed in
cases of cancer, since the little tube can
be inserted in cavities no larger than
the nostril."

"In a great many cases in which it
was impossible to use the X rays radium
has been readily employed, as is
shown by the following case at Charing
Cross hospital. A rodent cancer of the
nose which had recurred after an opera-
tion and had been unsuccessfully
treated by the X rays was subjected to
a short exposure of radium. Four ex-
posures, aggregating about an hour,
were given at intervals of a few days.
In three weeks the diseased part was
healing well, and in six weeks, after
two further exposures, the cancer dis-
appeared completely without leaving
any visible scar. Similar success in
treating an otherwise incurable cancer
was reported from Vienna."

"The fact that radium included in a
lead box an inch thick brought near a
person in a dark room causes the same
feeling as a flash of light on the retina,
even when the eyelids are tightly
closed, and that the same sensation is
experienced by the blind is attracting
the serious attention of medical men,
and the successful treatment of many
other diseases than cancer may be con-
fidently expected in the near future."

"The great problem of the application
of radium for illuminating purposes be-
long to another class—that is, it would
be perfectly practicable if the supply of
radium were somewhat more abundant
than at present. A small fraction of
an ounce of radium properly employed
would probably prove to be a good
light sufficient for several rooms, which
at any rate during the present century
need never require renewal."

"Other conceivable applications of ra-
dium to supply other forms of energy
besides light belong to still another
class, so far as can be seen at present,
and will only become applicable if the
available supply of radium is increased
beyond what seems just now possible,
for it cannot be expected that such a
very radioactive element will ever be-
come very abundant. It is not to be ex-
pected that a much more abundant
source than pitchblende, which proba-
bly does not contain more than 110,000
per cent of radium, will be found."

"The most striking fact of radio ac-
tivity is its unalterability. Radium
contains an immense reservoir of en-
ergy, sufficient to maintain its contin-
uous powerful radiations for many cen-
turies, but all attempts to increase its
activity or make it supply its energy
at a faster rate have signally failed. If
it is ever possible to accomplish this
or to concentrate the output of en-
ergy which is now being dissipated over
several centuries into the space of a
few days or weeks, then there is not
the least doubt that an ounce would
suffice to drive a fifty horse power mo-
tor around the world at the rate of thirty
miles an hour."

"The possibility of being able in the
future to control and store the energy
of radium and to liberate it for use as
required at any desired rate is the most
interesting feature of radio activity at
the present time. If it were ever possi-
ble to do this with radium it would al-
most certainly be so for uranium and
thorium, which can be produced by the
ton and probably contain no less stored
energy than radium, but evolve it at a
vastly slower rate."

"Our fathers busied themselves in
speculating as to what would become
of us when the world's coal supply was
exhausted. A single step of science is
all that is needed for that problem to
be answered in a manner beyond the
dreams even of the scientific novelist,
but it must be confessed that science
holds out scanty prospects of its fulfill-
ment."

Bright Future for a Mining Town.

One of the richest mining towns in
the world, will probably soon be
Joachimsthal, in German Erzgebirge.
It exports annually twenty-two tons of
uranium ore, from which the men of
science expect soon to be able to obtain
their supply of the marvelous radium,
a kilogram of which is worth at present
about \$2,000,000.

Mrs. Payne, wife of the postmaster
general, has been an invalid for many
years and still suffers a great deal from
rheumatism, but has never lost interest
in the affairs of the world.

JAPAN'S BEST FRIEND

The Emperor Tells General Congdon
It Is America.

General Joseph W. Congdon of New
York, president of the American Silk
association, returned to San Francisco
recently from a trip to Japan on the
Nippon Maru, says the New York Trib-
une. His report on conditions in Japan
is of interest.

"I found Japanese exportation," he
said, "of manufactured silk to this
country was not as great as formerly.
The tendency of the Japanese is to hold
up prices."

"The handkerchief trade, which was
formerly large in this country, has fallen
off. The exportation from Japan of
habutais, or piece silks, is also greatly
reduced. We take in America fully
one-half of the entire crop of Japan.
This year it will be fully 15 per cent
more than the average, but the market
will not be brisk on account of the high
prices asked by the Japanese, who are
taking advantage of the fact that the
Italian crop is 30 per cent less than
normal."

"The emperor of Japan, to whom I
was presented, said he looked forward
to closer commercial relations with
America, particularly with regard to
the silk industry. He said he regarded
the United States as really Japan's
best friend among nations."

"Personally the emperor had only
the kindest feelings for Americans.
Throughout Japan I noticed that prepa-
rations seemed to be well in hand for
the coming conflict with Russia, and it
will be a surprise to me if there is not
war in view of the feeling existing in
Japan. The country seems to be ready
for any emergency."

LAST WORDS OF LEO XIII.

"I Bless," Said the Pope as He Sank
to Death.

Dr. Lippold, so long the pope's phy-
sician, talked with the Rome corre-
spondent of the New York World the
other night on the last moments of Leo.
He said that just before he died the
pope blessed the Italian people, saying:
"I have always loved my country,"
while the tears streamed down his face.
The doctor said that in all of his pro-
fessional career he had never met with
a deathbed scene comparable with that
of the pope's. Leo's stoical resistance
against the agony of his last moments
was most edifying and impressive.

When he had given to Cardinal
Groggia his last instructions concerning
the conclave he became unconscious.
His last words were:
"I bless."

He was unable to finish the sentence.
When the pope died his hand uncon-
sciously grasped at Pio Centra, his
body servant, thus strangely confirm-
ing in death the theory of the union
between power and labor as expressed
in numerous of his encyclicals.

NEW DEADLY FORCE.

French Scientist Finds It While Ex-
perimenting With Hertzian Rays.

Dr. Le Bon, a well known scientific
investigator of Paris, has just made a
discovery that may possibly lead to a
terrible death dealing invention, says
the New York World. While experi-
menting with the Hertzian rays in his
laboratory he was suddenly surround-
ed by what he describes as a rain of
fire from all the metallic objects in the
room.

He concluded from this that it would
be possible to construct large metal
mirrors capable of reflecting for sev-
eral miles the Hertzian rays which,
while remaining invisible, would ignite
any explosive substance encountered,
such as shells and gunpowder in mag-
azines and cartridges in soldiers' belts.
War ships would be particularly vul-
nerable owing to their extensive use of
electricity, while torpedoes on board of
them would be exploded by an enemy
whom they were designed to destroy.

COFFEE FREED OF HARM.

Dyspeptic Devotees Advised to Take
It In Form of a Jelly.

Dyspeptics, to whom hot coffee after
dinner is a forbidden delight, are of-
fered a substitute in the form of coffee
jelly. "Coffee," says the London
Lancet, "serves an admirable purpose
in dietetics, and those with whom it
disagrees when taken in the form of a
hot infusion will probably find a clear
jelly after dinner quite satisfactory."

"Coffee, unlike alcohol, diminishes or-
ganic waste and rouses muscular en-
ergy without the collapse which follows
alcoholic imbibition, and gelatin in
the form of a jelly is cooling, assuages
thirst, is soothing and has a tendency
to absorb any excessive acidity of the
stomach."

A New Way to Europe.

A route across the Atlantic which
would greatly shorten the ocean voy-
age is being discussed in England, says
Harper's Weekly. It is proposed to
utilize the harbor of Galway, situated
on the western coast of Ireland, and
run a line of express steamers between
there and St. John's, on the coast of
Newfoundland, a distance of 1,816
miles, while the rest of the journey to
New York could be made for most of
the way by fast trains. It is believed
that the trip from London to the Amer-
ican metropolis could thus be shortened
by at least a day. From New York to
Southampton is almost twice as far as
from Galway to St. John's—3,116 miles
—while the distance from New York to
Liverpool is 3,095 miles.

One Sermon In 300 Years.

The only sermon preached by a pope
in 300 years was that of Pius IX. In
1847, says the New York Press. A
great crowd had assembled to listen to
the famous Padre Ventura in Santa
Andrea della Valle, Rome, but the
preacher failing to appear "Pio Nono"
entered the pulpit and gave a sermon.

ALLEGED ROBBERS WOUNDED.

Indiana Marshal Brings Down Two
Men in a Running Fight.

Scottsburg, Ind., July 28.—The safe
in the store of Shilling & Blackford at
New Washington was blown open
early Monday and \$400 taken. Three
men on bicycles who had entered the
town Sunday night were suspected.
The marshal and three deputies started
after the men. When they came in
sight the men abandoned their bicycles
and took to the woods. There was a
running fight, the men firing a number
of shots. The marshal brought two
of them down with a shotgun and the
third escaped, but is still being hunted
by an armed party. The men were
locked up here and give their names
as William Elmer and John Bailey.
Neither is fatally hurt.

RAILROAD CASUALTIES.

More Than Eight Hundred Persons
Killed in Three Months.

Washington, July 28.—The report of
the interstate commerce commission
on railroad accidents in the United
States for the three months ending
March 31, last, shows that during that
quarter 300 persons were killed and
2,834 injured in train accidents. Other
kinds of accidents, including those
sustained by employees while at work
and by passengers in getting on and
off cars, make the aggregate casualties
827 killed and 11,481 injured. There
were 1,650 collisions and 1,181 derail-
ments, causing \$2,491,065 damage to
cars, engines and roadways.

Woman Shoots an Aged Negro.

Vicksburg, Miss., July 28.—Robert
Anderson, a negro, seventy years of
age, was shot and killed Monday by
Miss Annie Strong, daughter of a
white drayman. The tragedy, it is
claimed, grew out of a dispute re-
garding a line fence. Miss Strong sur-
rendered.

Aged Woman Disappears.

Neola, Ia., July 28.—Mrs. Thomas
Lucid disappeared from her home here
early Monday, and searching parties
have found no trace of her. Blood-
hounds will arrive from Beatrice, Neb.,
today. She was quite weakly and was
about seventy-three years of age.

TELEGRAPHIC BREVITIES.

St. Paul's summer carnival opened
auspiciously Monday night.

Three Duluth boats were aground at
the same time Monday, but all were
released uninjured.

Another hot wave swept over St.
Louis Monday. The maximum tem-
perature was 93 degrees, and two pros-
trations occurred.

Postmaster General Payne has writ-
ten from Portland, Me., saying that he
will resume his official duties at Wash-
ington, on Aug. 3.

The report that the Peoria and Mil-
waukee baseball teams would be ex-
changed for the remainder of the sea-
son is denied in interested quarters.

The British tank steamer Boka
Standard from Tyne, arrived at Phila-
delphia with a hole in her bow as a
result of a collision with an iceberg.

President Shields of the Consolida-
ted Lake Superior company has made
another appeal to the stockholders of
the company for financial assistance.

The large Eighth street market-
house in Wilmington, Del., was totally
destroyed by fire Monday night. The
loss is estimated at \$100,000; partly
covered by insurance.

Every printer employed by the
Spokesman Review, at Spokane, Wash.,
is on strike. For the first time in
nearly eleven years not a paper was
published Monday morning.

Considerable damage was done by a
heavy rain storm that visited St. Paul
and vicinity at an early hour Monday
morning. The rain fell in almost a
torrent for nearly five hours. The total
precipitation was 1.14 inches.

ELABORATE STREET PARADES.

Attractive Feature of the St. Paul
Summer Carnival.

The St. Paul Summer Carnival will
long be remembered for its twelve
elaborate street parades.

On the opening day, Monday, July
27, afternoon parade of Carnival of-
ficials, city officials, public bath officials
and patrons of public baths and the
whole Jubour troupe.

On the second day, Tuesday, July
28, Governor's day, evening military
parade.

Third day, Wednesday, July 29, in-
stallation of the queen of the Carnival;
automobile floral parade in the even-
ing.

Fourth day, Thursday, July 30,
great electric pageant, with decorated
and brilliantly illumined floats on
street car trucks in the evening.

Fifth day, Friday, July 31, evening
parade of fraternal societies, with po-
lice escort.

Sixth day, Saturday, Aug. 1, Manu-
facturers and Traveling Men's day,
afternoon parade of traveling men and
city salesmen; floats representative of
the various manufacturing industries.

Seventh day, Monday, Aug. 3, Labor
day, afternoon parade of organized la-
bor societies in uniforms and floats.

Eighth day, Tuesday, Aug. 4, Chil-
dren's day and German day, afternoon
children's parade, with living flag;
evening parade of German societies.

Ninth day, Wednesday, Aug. 5,
evening parade of fine horse show
equipages.

Tenth day, Thursday, Aug. 6, Min-
neapolis day, evening parade of dele-
gations from Minneapolis June Fair
and Carnival association, Commercial
club and Retail Dealers' association.

Eleventh day, Friday, Aug. 7, St.
Paul day, evening parade of police
and fire departments and fire in-
surance patrol, followed by run of fire
department.

Twelfth day, Saturday, Aug. 8,
Great Closing day, grand Mardi Gras
prize masquerade procession in the
evening.

Excursion rates will be granted by
all the railroads on July 28 and 30,
Aug. 3 and 5.

RADIUM AND ITS USES.

New Element Considered Su-
perior to the X Rays.

EFFECTIVE IN CURING CANCER.

Fraction of a Grain Said to Have
Been Used Successfully in Treat-
ment of Disease Which Affected the
Nose—May Cure the Blind—Has
Powerful Lighting Property and
Enormous Energy.

A writer in the London Times has an
article dealing with the practical uses
to which radium can and may be put.
He laments the fact that there is no
sign that the chemical industry in En-
gland has yet awakened to these possi-
bilities. He says: "In Germany and
France radium is successfully produced
on a manufacturing scale. The de-
mand at \$75,000 an ounce is far in ex-
cess of the supply, whereas in England
it is neither produced nor is its manu-
facture attempted."

"Physicists and doctors complain of
the impossibility of regulating the
character of X rays so as to repeat
with certainty any desired effect. Ra-
dium gives a beautifully consistent and
uniform supply of rays. Instead of the
cumbersome focus tube, nearly as large
as a football, and the manifold expen-
sive items of the X ray outfit a glass
tube, somewhat smaller than a tooth-
pick and containing from one-tenth to
one-fifth of a grain of radium, has al-
ready been successfully employed in
cases of cancer, since the little tube can
be inserted in cavities no larger than
the nostril.

"In a great many cases in which it
was impossible to use the X rays ra-
dium has been readily employed, as is
shown by the following case at Charing
Cross hospital. A rodent cancer of the
nose which had recurred after an opera-
tion and had been unsuccessfully
treated by the X rays was subjected to
a short exposure of radium. Four ex-
posures, aggregating about an hour,
were given at intervals of a few days.
In three weeks the disensed part was
healing well, and in six weeks, after
two further exposures, the cancer dis-
appeared completely without leaving
any visible scar. Similar success in
treating an otherwise incurable cancer
was reported from Vienna.

"The fact that radium inclosed in a
lead box an inch thick brought near a
person in a dark room causes the same
feeling as a flash of light on the retina,
even when the eyelids are tightly
closed, and that the same sensation is
experienced by the blind is attracting
the serious attention of medical men,
and the successful treatment of many
other diseases than cancer may be con-
fidently expected in the near future.

"The great problem of the application
of radium for illuminating purposes be-
long to another class—that is, it would
be perfectly practicable if the supply of
radium were somewhat more abundant
than at present. A small fraction of
an ounce of radium properly employed
would probably prove to be a good
light sufficient for several rooms, which
at any rate during the present century
need never require renewal.

"Other conceivable applications of ra-
dium to supply other forms of energy
besides light belong to still another
class, so far as can be seen at present,
and will only become applicable if the
available supply of radium is increased
beyond what seems just now possible,
for it cannot be expected that such a
very radioactive element will ever be-
come very abundant. It is not to be ex-
pected that a much more abundant
source than pitchblende, which proba-
bly does not contain more than 110,000
per cent of radium, will be found.

"The most striking fact of radio ac-
tivity is its unalterability. Radium
contains an immense reservoir of en-
ergy, sufficient to maintain its contin-
uous powerful radiations for many cen-
turies, but all attempts to increase its
activity or make it supply its energy
at a faster rate have signally failed. If
it is ever possible to accomplish this
and to concentrate the output of en-
ergy which is now being dissipated over
several centuries into the space of a
few days or weeks, then there is not
the least doubt that an ounce would
suffice to drive a fifty horse power mo-
tor around the world at the rate of thirty
miles an hour.

"The possibility of being able in the
future to control and store the energy
of radium and to liberate it for use as
required at any desired rate is the most
interesting feature of radio activity at
the present time. If it were ever possi-
ble to do this with radium it would al-
most certainly be so for uranium and
thorium, which can be produced by the
ton and probably contain no less stored
energy than radium, but evolve it at a
vastly slower rate.

"Our fathers busied themselves in
speculating as to what would become
of us when the world's coal supply was
exhausted. A single step of science is
all that is needed for that problem to
be answered in a manner beyond the
dreams even of the scientific novelist,
but it must be confessed that science
holds out scanty prospects of its fulfill-
ment."

Bright Future for a Mining Town.

One of the richest mining towns in
the world will probably soon be
Joachimsthal, in German Erzgebirge.
It exports annually twenty-two tons of
uranium ore, from which the men of
science expect soon to be able to obtain
a kilogram of which is worth at present
about \$2,000,000.

Mrs. Payne, wife of the postmaster
general, has been an invalid for many
years and still suffers a great deal from
rheumatism, but has never lost interest
in the affairs of the world.

JAPAN'S BEST FRIEND

The Emperor Tells General Congdon
It Is America.

General Joseph W. Congdon of New
York, president of the American Silk
association, returned to San Francisco
recently from a trip to Japan on the
Nippon Maru, says the New York Tribu-
ne. His report on conditions in Japan
is of interest.

"I found Japanese exportation," he
said, "of manufactured silk to this
country was not as great as formerly.
The tendency of the Japanese is to hold
up prices.

"The handkerchief trade, which was
formerly large in this country, has fall-
en off. The exportation from Japan
of habutais, or piece silks, is also great-
ly reduced. We take in America fully
one-half of the entire crop of Japan.
This year it will be fully 15 per cent
more than the average, but the market
will not be brisk on account of the high
prices asked by the Japanese, who are
taking advantage of the fact that the
Italian crop is 30 per cent less than
normal.

"The emperor of Japan, to whom I
was presented, said he looked forward
to closer commercial relations with
America, particularly with regard to
the silk industry. He said he regarded
the United States as really Japan's
best friend among nations.

"Personally the emperor had only
the kindest feelings for Americans.
Throughout Japan I noticed that prepa-
rations seemed to be well in hand for
the coming conflict with Russia, and it
will be a surprise to me if there is not
war in view of the feeling existing in
Japan. The country seems to be ready
for any emergency."

LAST WORDS OF LEO XIII.

"I Bless," Said the Pope as He Sank
to Death.

Dr. Lappin, so long the pope's phy-
sician, talked with the Rome corre-
spondent of the New York World the
other night on the last moments of Leo.
He said that just before he died the
pope blessed the Italian people, saying:
"I have always loved my country."

"The doctor said that in all of his pro-
fessional career he had never met with
a deathbed scene comparable with that
of the pope's. Leo's stoical resistance
against the agony of his last moments
was most edifying and impressive.

When he had given to Cardinal
Oreglia his last instructions concerning
the conclave he became unconscious.
His last words were:

"I bless"

He was unable to finish the sentence.
When the pope died his hand uncon-
sciously grasped at Pio Centra, his
body servant, thus strangely confirm-
ing in death the theory of the union
between power and labor as expressed
in numerous of his encyclicals.

NEW DEADLY FORCE.

French Scientist Finds It While Ex-
perimenting With Hertzian Rays.

Dr. Le Bon, a well known scientific
investigator of Paris, has just made a
discovery that may possibly lead to a
terrible death dealing invention, says
the New York World. While experi-
menting with the Hertzian rays in his
laboratory he was suddenly surround-
ed by what he describes as a rain of
fire from all the metallic objects in the
room.

He concluded from this that it would
be possible to construct large metal
mirrors capable of reflecting for sev-
eral miles the Hertzian rays which,
while remaining invisible, would ignite
any explosive substance encountered,
such as shells and gunpowder in ma-
gazines and cartridges in soldiers' belts.

War ships would be particularly vul-
nerable owing to their extensive use of
electricity, while torpedoes on board of
their would be exploded by an enemy
whom they were designed to destroy.

COFFEE FREED OF HARM.

Dyspeptic Devotees Advised to Take
It in Form of a Jelly.

Dyspeptics, to whom hot coffee after
dinner is a forbidden delight, are of-
fered a substitute in the form of coffee
jelly. "Coffee," says the London Lan-
cet, "serves an admirable purpose
in dietetics, and those with whom it
disagrees when taken in the form of a
hot infusion will probably find a clear
jelly after dinner quite satisfactory.

"Coffee, unlike alcohol, diminishes or-
ganic waste and rouses muscular en-
ergy without the collapse which follows
alcoholic imbibition, and gelatin in
the form of a jelly is cooling, assuages
thirst, is soothing and has a tendency
to absorb any excessive acidity of the
stomach."

A New Way to Europe.

A route across the Atlantic which
would greatly shorten the ocean voy-
age is being discussed in England, says
Harper's Weekly. It is proposed to
utilize the harbor of Galway, situated
on the western coast of Ireland, and
run a line of express steamers between
there and St. John's, on the coast of
Newfoundland, a distance of 1,816
miles, while the rest of the journey to
New York could be made for most of
the way by fast trains. It is believed
that the trip from London to the Amer-
ican metropolis could thus be shortened
by at least a day. From New York to
Southampton is almost twice as far as
from Galway to St. John's—3,116 miles
—while the distance from New York to
Liverpool is 3,095 miles.

One Sermon in 300 Years.

The only sermon preached by a pope
in 300 years was that of Pius IX. in
1847, says the New York Press. A
great crowd had assembled to listen to
the famous Padre Ventura in Santa
Andrea della Valle, Rome, but the
preacher failing to appear "Pio Nono"
entered the pulpit and gave a sermon.

ALLEGED ROBBERS WOUNDED.

Indiana Marshal Brings Down Two
Men in a Running Fight.

Scottsburg, Ind., July 28.—The safe
in the store of Shilling & Blackford at
New Washington was blown open
early Monday and \$400 taken. Three
men on bicycles who had entered the
town Sunday night were suspected.
The marshal and three deputies started
after the men. When they came in
sight the men abandoned their bicycles
and took to the woods. There was a
running fight, the men firing a number
of shots. The marshal brought two
of them down with a shotgun and the
third escaped, but is still being hunt-
ed by an armed party. The men were
locked up here and give their names
as William Elmer and John Bailey.
Neither is fatally hurt.

RAILROAD CASUALTIES.

More Than Eight Hundred Persons
Killed in Three Months.

Washington, July 28.—The report of
the interstate commerce commission
on railroad accidents in the United
States for the three months ending
March 31, last, shows that during that
quarter 300 persons were killed and
2,834 injured in train accidents. Other
kinds of accidents, including those
sustained by employees while at work
and by passengers in getting on and
off cars, make the aggregate casualties
827 killed and 11,481 injured. There
were 1,650 collisions and 1,181 derail-
ments, causing \$2,491,065 damage to
cars, engines and roadways.

Woman Shoots an Aged Negro.

Vicksburg, Miss., July 28.—Robert
Anderson, a negro, seventy years of
age, was shot and killed Monday by
Miss Annie Strong, daughter of a
white drayman. The tragedy, it is
claimed, grew out of a dispute re-
garding a line fence. Miss Strong sur-
rendered.

Aged Woman Disappears.

Vicksburg, Miss., July 28.—Mrs. Thomas
Lucid disappeared from her home here
early Monday, and searching parties
have found no trace of her. Blood-
hounds will arrive from Beatrice, Neb.,
today. She was quite weakly and was
about seventy-three years of age.

TELEGRAPHIC BREVITIES.

St. Paul's summer carnival opened
auspiciously Monday night.

Three Duluth boats were aground at
the same time Monday, but all were
released unharmed.

Another hot wave swept over St.
Louis Monday. The maximum tem-
perature was 93 degrees, and two pros-
trations occurred.

Postmaster General Payne has writ-
ten from Portland, Me., saying that he
will resume his official duties at Wash-
ington, on Aug. 3.

The report that the Peoria and Mil-
waukee baseball teams would be ex-
changed for the remainder of the sea-
son is denied in interested quarters.

The British tank steamer Baka
Standard from Tyne, arrived at Phila-
delphia with a hole in her bow as a
result of a collision with an iceberg.

President Shields of the Consolidat-
ed Lake Superior company has made
another appeal to the stockholders of
the company for financial assistance.

The large Eighth street market-
house in Wilmington, Del., was totally
destroyed by fire Monday night. The
loss is estimated at \$100,000; partly
covered by insurance.

Every printer employed by the
Spokesman Review, at Spokane, Wash.,
is on strike. For the first time in
nearly eleven years not a paper was
published Monday morning.

Considerable damage was done by a
heavy rain storm that visited St. Paul
and vicinity at an early hour Monday
morning. The rain fell in almost a
torrent for nearly five hours. The total
precipitation was 1.14 inches.

for at the rate of one-half cent a
word for each insertion, strictly cash in
advance, unless advertiser has ledger
account with the office, but no ad will be
taken for less than 10 cents.

WANTED—Two girls at East hotel. 34tf

WANTED—Man and wife to work on
farm. Address box 1877, Brainerd,
Minn. 26tf

WANTED—Woman to work on farm,
must be good cook and buttermaker,
address FRED S. PARKER,
28tf Brainerd, Minn.

WANTED—People to know that the Mer-
chants Hotel, St. Paul, is in all re-
spects first-class. Remodeled and re-
furnished, and service the best. 48tf

WANTED—Men to learn barber trade.
Advantages of free practice, licensed
teachers and demonstrations until
competent. Splendid facilities, revolv-
ing chairs, tools presented. Cata-
logues mailed free. Moler Barber
College, Minneapolis, Minn.

For SALE—A new milch cow. Apply at
Court House of M. Mahlum. 47tf

TORNADOES—CYCLONES—They are
of frequent occurrences. Select your
insurance so that you will receive im-
mediate relief in case of financial dis-
tress caused by fire or storm. We
pay all valid claims promptly.
J. R. SMITH,
Telephone 174. Sleeper Block.

A Genuine Bargain.

A new 10 room dwelling on south side
for sale at a little more than half cost.
Owner leaving the city. Investigate.
J. R. SMITH,
Room 2 Sleeper Block.

ELABORATE STREET PARADES.

Attractive Feature of the St. Paul
Summer Carnival.

The St. Paul Summer Carnival will
long be remembered for its twelve
elaborate street parades.

On the opening day, Monday, July
27, afternoon parade of Carnival offi-
cials, city officials, public bath officials
and patrons of public baths and the
whole labour troupe.

On the second day, Tuesday, July
28, Governor's day, evening military
parade.

Third day, Wednesday, July 29, in-
stallation of the queen of the Carnival;
automobile floral parade in the even-
ing.

Fourth day, Thursday, July 30,
great electric pageant, with decorated
and brilliantly illumined floats on
street car trucks in the evening.

Fifth day, Friday, July 31, evening
parade of fraternal societies, with po-
lice escort.

Sixth day, Saturday, Aug. 1, Manu-
facturers and Traveling Men's day,
afternoon parade of traveling men and
city salesmen; floats representative of
the various manufacturing industries.

Seventh day, Monday, Aug. 3, Labor
day, afternoon parade of organized la-
bor societies in uniforms and floats.

Eighth day, Tuesday, Aug. 4, Chil-
dren's day and German day, afternoon
children's parade, with living flag;
evening parade of German societies.

Ninth day, Wednesday, Aug. 5,
evening parade of fine horse show
equipages.

Tenth day, Thursday, Aug. 6, Min-
neapolis day, evening parade of dele-
gations from Minneapolis June Fair
and Carnival association. Commercial
club and Retail Dealers' association.

Eleventh day, Friday, Aug. 7, St.
Paul day, evening parade of police
and fire departments and fire insur-
ance patrol, followed by run of fire
department.

Twelfth day, Saturday, Aug. 8,
Great Closing day, grand Mardi Gras
prize masquerade procession in the
evening.

Excursion rates will be granted by
all the railroads on July 28 and 30,
Aug. 3 and 5.
